Professional Summary

- Strategic and analytical IIT Jodhpur student with proven experience in translating data into actionable business strategy. Developed a predictive machine learning model with **85% accuracy** to identify customer churn drivers, directly leading to a retention strategy projected to reduce churn by 15%. Complemented by strong business acumen from managing an **₹1.8 Cr** budget and driving a digital transformation initiative for a 4,000-person community. Eager to apply these problem-solving and data analytics skills to help **Tredence** solve impactful **business problems** using **innovative AI and ML solutions**.

Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. (Electrical Engineering)	Indian Institute of Technology, Jodhpur	7.47 (Current)	2022–Present
Class XII	Matrix High School, Sikar	89.80%	2022
Class X	LSAB, Churu	82.40%	2019

Experience

• Software Developer Intern

Coyesco (Remote)

June 2025 – Present

- Analyzed enterprise workflows to identify key inefficiencies and developed a full-stack solution to automate business processes, achieving a 25% improvement in operational efficiency.
- Improved user engagement and productivity by enhancing the UI/UX of critical internal tools, leading to a 40% increase in performance and responsiveness.
- Designed and integrated a scalable API framework to ensure seamless data flow between systems, supporting cross-platform business operations with 99% compatibility.

• Cloud Infrastructure Intern

Axory AI (Remote)

May 2025 – July 2025

- Consulted on cloud infrastructure strategy, implementing a scalable AWS architecture that improved system reliability and business continuity by increasing uptime by 30%.
- Conducted a cost-benefit analysis of cloud resources and executed an optimization plan that reduced monthly infrastructure expenditure by 20% without impacting performance.

• Vice President, Student Council

IIT Jodhpur

May 2024 – May 2025

- Led strategic planning and operations management for a 4,000-person community, overseeing housing, dining, and recreation to achieve a 95% stakeholder satisfaction rate.
- Oversaw an **₹1.8 Cr** annual budget, driving a digital transformation initiative for billing systems that enhanced financial accuracy by 98% and improved transparency.
- Managed a team of **50+ representatives**, serving as the primary point of contact for stakeholder grievance resolution and implementing initiatives that enhanced community welfare.

Projects

• Customer Churn Analysis & Retention Strategy

[GitHub Link](#)

Python, Pandas, NumPy, Scikit-learn, Matplotlib, XGBoost

Nov 2024 – Dec 2024

- Analyzed a telecom customer dataset to identify key **drivers of churn**, revealing customers with month-to-month contracts were most at risk.
- Designed and developed a **scalable** machine learning model (XGBoost **Classification**) with **85% accuracy** to predict high-risk customers, enabling proactive intervention.
- Formulated an **actionable business strategy** by recommending a targeted loyalty program projected to reduce churn by 15%.

Skills & Expertise

- Business & Leadership:** Strategic Planning, Budget Management, Operations Management, Stakeholder Communication
- Programming Languages:** Python, Java, C++, SQL, JavaScript (ES6+)
- Data Science & ML Algorithms:** Predictive Modeling (Regression, Gradient Boosted Trees), Classification (Decision Trees, Random Forests), Clustering, Time Series Modeling, Deep Learning
- ML Frameworks & Data Tools:** Scikit-learn, Pandas, NumPy, TensorFlow, Advanced SQL, AWS, MongoDB
- Statistical Analysis:** Statistical Modelling, Hypothesis Testing, A/B Testing

Achievements

- National Semi-Finalist, Maruti Suzuki XCELerate 2025** Ongoing
- Assistant Head (Marketing), Ignus IIT Jodhpur's Socio-Cultural Fest** Dec 2023 – Feb 2024
- Secretary, Board of Student Welfare (BSW) IIT Jodhpur** Sep 2023 – Mar 2024
- Assistant Head (PR & Marketing), Varchas IIT Jodhpur's Sports Fest** Sep – Nov 2023
- JEE Main 2022** Ranked in the **Top 0.1%** among 1.5 million students.
